Experience

Freelance Consultant, Walla Walla Foundry

March 29, 2024 - Present

- Provided part-time consulting to project management team to assist with my transition from Walla Walla Foundry.
- Closed out Walla Walla Foundry website project by developing a customized version of Decap CMS using React for easy content management.

Project Manager, Walla Walla Foundry

July 20, 2023 - March 29, 2024

- Managed teams of highly skilled technicians across multiple departments in a fast-paced fabrication and casting facility for monumental sculpture.
- Ensured adherence to clients' artistic vision by implementing rigorous quality assurance throughout production.
- Held departments accountable for targets and labor hour budgets.
- Initiated project development by designing workflow plans with digital, engineering, and production team leads.
- Developed and maintained project timelines and completion dates.
- Oversaw artwork conservation, project documentation, and approval photography.
- Reviewed and edited all client-facing documents, including installation manuals, conservation reports, and project updates.
- Provided hands-on support to finishing department crews during expedited project turnarounds.

Project Management Assistant, Walla Walla Foundry

November 30, 2020 - July 20, 2023

- Created extensive installation manuals, incorporating assembly, handling, and maintenance instructions, and translated complex engineering drawings into accessible client-facing documents.
- Documented daily shop-floor processes with photography and write-ups to support project management, fabrication, and finishing teams.
- Coordinated artwork approval photography and progress photo updates.
- Facilitated conservation projects by scheduling intake assessments and developing repair strategies for client approval.
- Organized domestic and international freight shipments for large-scale artworks with time-sensitive delivery requirements.
- Managed project tracking and client storage databases. Reported storage costs for quarterly and annual invoicing.
- Provided in-house IT support and coordinated with off-site IT provider.
- Designed, developed, and launched a new company website to replace the outdated version.

Marketing and Communications Coordinator, ArtWalla

July 11, 2019 - November 1, 2020

- Led ArtWalla's rebranding effort by defining a new look and feel.
- Built and launched a new website.
- Strengthened social media marketing with targeted ads and curated content.
- Managed communication with ArtWalla's membership and broader audience, conducting accountability surveys and analyzing membership databases.
- Collaborated with local artists to curate online exhibitions for Art Tour Pop-Up shows.
- Developed an e-commerce site for ArtWalla's key fundraiser, successfully raising funds for grant awards in 2020.
